ELIXIR GODINEAU

THE WORLD'S GREATEST TONIC.
 Sensational Review by the Press in France.
 LE TEMPE.

The ELIXIR GODINEAU is now constantly talked of by the press, it is the constant subject of their articles and the talk of town and country: it is a first class strengthening and restoring tonic of miraculous power.

L'AUTORITE.

The marvellous properties of the ELIXIR GODINEAU having been duly proved by various experiments, this powerful specific is now universally recommended as the best remedy against anaemia, tuberculosis and all cases of exhaustion of the organic system in general.

LE FIGARO.

To make gold, and find out the secret of everlasting youth; such were the two problems which alchemists had tried to solve. The progress of science has shown the uselessness of the first, but it facilitated, on the other hand, the working out of the second.

Following out the eminent professor's theories a Paris chemist of high standing with the assistance of eminent practitioners, has prepared the Elixir bearing his name the ELIXIR GODINEAU the effects of which are surprising.

LE MOT D'ORDRE.

Several truly marvellous cures effected by the ELIXIR GODINEAU and which have been echoed far and wide, have given this specific universal popularity. Henceforth anaemia, rachitis, paralysis, senile degeneration will cease to exist. The ELIXIR GODINEAU rapidly suppresses all these affections produced by partial or general exhaustion of the organic system, L'EVENEMENT.

The fairy tale of the fountain of youth is now a true and real fact; old age still scatters a few wrinkles on the face, a few snowy flakes in the hair, but it can no longer chill the hearts of men to whom the high-mettled spiritness of a youth of twenty years of age, is restored by the ELIXIR GODINEAU, one of the valuable conquests of modern science.

L'ECHO DE PARIS.

The great success of the ELIXIR GODINEAU increases from day to day, and is fully justified. This powerful specific restores health and vigor every day to numberless invalids whose cure was despaired of. All weakened or debilitated organic systems are speedily strengthened after treatment with the ELIXIR GODINEAU, the effect of which is as sure as it is rapid. Sole Agents for India, Burma and Ceylon.

July 22.	

The Marwari Bazar opened this morning for Fine M. G. Oomra September at Rs. 348 and steadily advanced till Rs. 351 which was the rate at 3 p.m. The rate for F. G. M. G. Oomra July-August was also Rs. 351. The market opened at Rs. 353 and closed at Rs. 353.

Our market for ready cotton was steady yesterday. There was a fairly good inquiry from shippers for high class Bengals and Oomras and about 5,000 bales are reported to have changed hands yesterday.

COTTON	
(From our Correspondent)	
July 22.	

A slightly better feeling has been noticeable in the Cotton Market during the past week. Anxiety to a great extent has been removed by the favourable turn of the monsoon. The timely rains have fallen throughout India and the cotton crop is now in a fair way to be a good one. On the other hand, the movement for the boycott of foreign goods is having an adverse effect on the demand from up-country, and it is left to be seen how far it becomes successful. Anyhow it has put a check to free buying and merchants are afraid to commit themselves to any fresh transactions, and are rather anxious to get rid of their stocks. It is reported that several consumers have given up the use of foreign cloth, merely for the sake of sentiment, and this feeling is gradually spreading in several consuming districts. Transactions in the bazaar have been very few and deliveries have been poor. Fresh shipments have arrived, which will be a drag on the market, owing to the high cost of the goods and on account of the exchange which is still unfavourable. Some goods have been offered here by merchants of the sister markets, but buyers prefer to await further developments before increasing their commitments. The Manchester Market has been carefully watching the movements on this side. The

TEST OF THE EMPIRE.

We quite agree with our local morning
contemporary when it remarks that,
so far as India is concerned, Kenya is the
test of the British Empire. For our-
selves we make bold to say that the out-
come of the struggle that is being
carried on by our countrymen in that
Colony will not merely demonstrate the
genuineness or otherwise of the talk of
India's equal partnership in the Empire,
as our contemporary opines, but will also
determine in a very large measure
whether self-respecting India will be
content to remain a member of the
Empire, which at present
holds out no hopes to
her children but those of remaining as
virtual helots and outcasts therein. As
we have always maintained, the choice
whether India shall or shall not remain
within the Empire rests primarily with
Englishmen and their compatriots in
the various Colonies and Dominions.
Indians will be willing to re-
main in the Empire on terms of hon-
ourable partnership, but as perpetual
slaves to the White races—never. The
Kenya Whites wish to deny the Indians
franchise in perpetuity. They will not
tolerate the election of even one or two
representatives to the Council, though
their vastly smaller community enjoys
the privilege of sending nearly a score of
representatives. They are opposed even
to the limited franchise, because they
say once the principle is conceded, In-
dians will succeed in course of time in
gaining all they clamour for. The
Kenya Whites are not mistaken in this
conclusion. But why do they object to
Indians getting the franchise?
A perusal of the pro-
ceedings of the Con-
vention of European Associations in Kenya
makes it clear that these anti-Indian
Whites have no clear idea as to what
they fear most from Indians. They,
no doubt, talk of being "swamped" by
Indians, of their "homes" in the Up-
lands being "in danger", of the Indian
traders "ousting" them from the field,
of the health of their towns and resi-
dential areas being "contaminated" by
Indian insanitariness, and, lastly, of the
danger of the "natives" being debased
by Indians, both economically and
morally. But, when driven into a
corner, as was done at the recent Round
Table Conference, they are unable to
prove their charges. What! at the Con-
ference held last month, one of the
speakers actually boasted, from his ex-
perience of twenty-six years in the
Colony, that "European Com-
merce had flourished despite Indian
competition" and quoting the census
figures, he proceeded to show
that "it was the European who was
ousting the Indian and not the other

way around." This speaker also gave
the Indians credit for being "the
pioneers of trade in the reserves." These
remarks, though made to show
off White enterprise as compared with
the Indian, go completely to refute the
allegation, which we so often hear
made, that Indians are ousting the
Whites from the trade. As to the
fears expressed regarding Indian in-
sanitariness and Indian immorality, it
is pertinent to note that at the Round
Table Conference these allegations were
not repeated with the same force as they
are being done now and that at that
Conference the consensus of opinion
was that the remarks made in the
Economic Commission's report were of
too sweeping a character to be true.

As for the new solicitude shown for
the "natives", it is also pertinent to
note that it was not very noticeable at
the opening session of last month's Con-
vention, but became evident on the
last day, when it was pointed out to the
fire-eaters of the Convention that they
could not hope to succeed in their anti-
Indian campaign unless they brought
some definite charges against Indians
and that the charge that Indians spoiled
the "natives" in various ways would
best achieve the object in view. This
conclusion shows that this new
calumny against Indians is only an
after-thought. That the whole move
is dishonest is further shown by the
following incident which took place in
the course of the discussion on the
point. One of the members drew at-
tention to the paragraph in the resolution
with regard to obtaining the
opinions of the various missionary
societies and suggested that the letter
of the Bishop of Zanzibar to the Press
some while ago, protesting against the
handing over of Tanganyika to India,
might be included in the present resolu-
tion. Another member, however, pro-
tested and said "the Bishop's facts in
regard to Indians in Tanganyika might
be just as inaccurate as his 'facts' re-
garding the relations between the Euro-
peans and natives of Kenya." The
proposal, therefore, to utilize the Bishop
of Zanzibar's letter was dropped, lest
it damage the character of Europeans
by exposing their relations with the na-
tives! Such are the dishonest methods
with which the Whites are fighting In-
dians in Kenya. But the whole ground
under the charge against Indians has
been cut away by the "natives" them-
selves, who, as we have seen, the other
day passed a resolution denying that
they objected to Indians being enfran-
chised and declaring that the latter were
their best friends. It is thus clear as
day-light that the White agitation has
no legs whatever to stand upon. Their
threats to resort to violence to prevent
Indians securing their just rights con-
stitute a direct challenge to His Ma-
jesty's Government to put their high
professions of "racial equality" and
"equal partnership" within the Empire,
to practice. Mr. Churchill recently laid
down the Empire ideal. He is at the
head of the Colonial Office and is really
responsible for the administration of
Kenya. If he cannot protect the Indians
from the insults, aggression and violence
of his White compatriots, it will mean
that he is incapable of keeping the Em-
pire from falling to pieces. Kenya
furnishes for Indians the test of the
"sympathy" and solicitude to do jus-
tice, of which Englishmen
from the King downwards,
have been speaking to them whenever
the occasion has risen to appeal to
their loyalty to the Empire. It is for
British statesmen to prove that they
do not indulge in mere talk.

VAGUE GENERALISATION

No one could have read the homily
delivered by the Viceroy in reply to the
address of the Marwadi Association with-
out being struck by the similarity of
the vague generalisations therein con-
tained with those in his reply to the
address of welcome by the Indian Mer-
chants' Chamber and Bureau in Bom-
bay. The interesting space of so many
months has not, we are afraid, brought
home to the Viceroy, the intensity of
mistrust and suspicion with which
Indian businessmen have come to look
upon the operations of the Government
in so far as they affect trade, industry
and finances of the country. Lord
Reading laid great stress on the outcome
of the Industries Commission's Report,
but it is legitimate to ask whether, as
the result of that Report and several
subsequent committees of enquiry, the
position in India in the matter of indus-
tries is one whit better so far as enter-
prise promoted by Indians is concerned.
The position of the Ministers under
whom the Industries Department is
placed in the Provincial Governments is
itself vague and undefined and the
actual power enjoyed by these nominees
of the Government in the present
circumstances is extremely limited and
will not lead the country very far. We
are afraid Lord Reading gave vent to a

piece of unconscious humour when he
asked the Marwadi Association to trust
for good results because, forsooth, Sir
Thomas Holland, who was the head of
the Industries Commission, is in charge
of the Industries portfolio with the Gov-
ernment of India. We showed on
Wednesday how little India can expect
from Sir Thomas Holland. Lord
Reading referred to vested in-
terests along the ports which prevent
the adjustment of railway rates so as
to give legitimate protection to indus-
tries and it is so obvious and
legitimate that if official experiences in
foreign countries were any guide or
criterion, or if the prosperity of Indian
Industries were really at the heart of the
Government as much as the Viceroy
would have us believe it is, it should
have been remedied long ago.

We cannot compliment Lord Reading
on his reference to the Fiscal Commis-
sion. It appears the Government have
not understood the issue as it strikes the
public of India. The people of India
do not want any costly committee of
enquiry in which one or two Indians
may figure, whose report will practically
be a foregone conclusion, inspired by
officials. If fiscal independence (the
phrase which Lord Reading used)
has any special meaning at all, then the
fiscal system which should be fixed
should be one which may be devised by
thoughtful Indian businessmen who
could be trusted not to suggest anything
revolutionary but to take definite
practical action so as to turn the tariffs
of the country to the advantage of in-
dustrial enterprise as controlled and
promoted by Indians. On the person-
nel of the Fiscal Commission, Lord
Reading has discreetly cast a veil not
withstanding the feeling which the
public on this side have evinced. A
Commission of which an Indian is not
the Chairman and on which there is not
an Indian majority will be unacceptable
to Indian commercial bodies and would
not command any confidence. The
reference of the Viceroy to trade
and exchange was delightfully vague.
To say that every country must export
its surplus and get in return goods which
it needs is a truism, but to imply that
India cannot be self-sufficient in the
matter of her industrial needs is to
contradict an article of faith which is
entertained by every Indian, who knows
that the raw materials of his country
could be turned into finished goods here
and not only for cloth but practically for
every other article of daily need. India
could, under a national Government,
become absolutely self-sufficient. We
wonder why the Government of Lord
Reading are not willing to take the
commercial public into their confidence
in the matter of exchange. We have
not had yet a definite public recantation
of the errors of last year. We have still
the anomaly of an official rate for the
sovereign at Rs. 10. We have the
monstrosity of official estimates and ac-
counts in which rupees are converted
into pounds and vice versa at Rs. 10.
We have the incredible expedient of
the Post Office counting one pound
equal to Rs. 10 and charging a fabulous
percentage by way of commission. The
Finance Member, in presenting the
official budget, hazards a calculation at
the rate of one shilling eight pence for
the rupee and in every public account
which has to deal with purchases or
otherwise in the United Kingdom we
have fictitious figures for so-called ex-
change losses. How long will this
anomaly continue? These expedients
are nothing short of a fraud on the public
begun by the alteration of the legal ratio
from Rs. 15 for one sovereign to Rs. 10.
Lord Reading, instead of putting his
shoulder to the wheel, merely trusted
Providence like the ubiquitous farmer
and hoped for a good monsoon and
favourable balance of trade. How can
the balance of trade be favourable when
various departments, under Lord Read-
ing's Government, have placed
huge orders in the United
Kingdom in order to keep
the factories of the United Kingdom
going in the time of depression at non-
competitive high prices?

Notes of the Day

The Irish Deadlock.

The conversations between Mr. Lloyd
George and Mr. De Valera have produced
no result. That is the news of the day
which Renter gives us—and it is a disheartening
but not unexpected piece of news. The
statement issued by De Valera explains the
rupture of negotiations. Ireland demands
complete self-determination and the right to
negotiate with England as an independent coun-
try, a demand which England, who went to
war for the vindication of that principle,
cannot refuse to satisfy if certain guaran-
tees as regards the integrity of the British
Isles from foreign aggression are forthcom-
ing on the part of Ireland. The second

strand attitude of Ulster, which, as Mr.
Fitzgerald says, "represents a very small
minority of Irish people who have been
systematically, wilfully and fundamentally
misled by the foreign power, England,"
only comes in the way of a harmonious ad-
justment of the relations between England
and Ireland on the basis of mutual sacri-
fices.

Official "Friends" of Labour.

The part which Mr. T. E. Moir, Labour
Commissioner, Madras, has been playing for
some weeks past in connection with the
strike of labourers of the Buckingham and
Carnatic Mills, has been neither edifying
nor conducive to the maintenance of peace
in that city. His open sympathy with the
agents of the mills and his efforts, with
the aid of the police, to break the strike,
by holding out all sorts of threats to the
strikers and their leaders, have helped to
create a feeling of deep distrust in the
minds of the labouring classes in Madras
in the official professions of sympathy with
the struggle of labour to improve itself.
Racial differences between the Adi-Dravida
"black-legs" and the "caste-Hindus" strikers
were exploited to the fullest extent, with
the deplorable results that we have seen
lately. The Adi-Dravidas were represent-
ed to the world as veritable martyrs, in-
offensive and meekly submitting to the
horrible persecutions of their enemies, the
"caste-Hindus." We have heard in the
official communications that once the police were
fired at by the "strikers," but the mystery
of the police finding a missing revolver in
the possession of the Adi-Dravidas has not
yet been cleared up. The truth appears to
be too dangerous to be exposed to light.
However, it is somewhat incongruous to
find Mr. Moir now turning round and
rebuking his whilom pets—the Adi-Dravi-
das. We read in the "Madras Mail" a
report of Mr. Moir's visit to the Adi-Dravi-
da "refugee" camp and of his warning
them against committing any aggressive
acts. We are told that he warned them
not only that "they would be dealt with
severely," but also that "the punishments
meted out to the Adi-Dravida offenders
would be more severe than in the case of the
caste Hindus." But, why "more
severe?"

A Magistrate's Lapse.

It is to be hoped that Mr. Divakar,
Magistrate of Sirm, and other officials like
him, who are given to imagining that the
"Non-Cooperator" is at the bottom of all
trouble that our countrymen are in, India,
will profit by the salutary lesson preached
to them by the Hon. Justice Shah and
Fawcett. Mr. Divakar, in his highly colour-
ed judgment, extracts from which were pub-
lished in this journal yesterday, sought
to denigrate the whole Non-cooperation
movement by uncalled-for and wholly ir-
relevant remarks and has made unjust re-
flections on the character and conduct of a
municipal official, who was neither a party
nor a witness in the case before him and
who had been given no opportunity to meet
the allegations made against him. That
Mr. Divakar should not have been aware
of the impropriety of making reckless re-
flections against individuals who are not
parties to the case before him, shows what
sense of responsibility and experience he
has displayed in connection with the trial.
We may have something more to say, on a
later occasion, about the trial itself.

B. & C. I. Ry. Stall-keepers.

Elsewhere we published a communication
regarding the grievances of stall-keepers
on the B. & C. I. Railway, who are
threatened with the loss of the means of
their livelihood by the action of the Rail-
way management. These stall-keepers have
been paying fixed fees, for nearly a gen-
eration, for the permission accorded to them
to vend their goods on the station premises.
The company now proposes to turn the
license for each station to the highest bid-
der. This will, no doubt, bring in some
additional revenue to the Company, but
will it not at the same time lead to an
increase in the prices of the articles sold
to the passengers and thus entail hardships
on the latter? Moreover, it is the middle-
man who will profit most from the arrange-
ment, while the poor vendors and stall-
keepers will go to the wall. Does the Com-
pany really think that the additional re-
venue it will reap will compensate for the
hardships the new system will entail on
the passengers and the stall-keepers? We
hope the company will reconsider the de-
cision and auction the licenses at only such
station or stations where there is absolute
necessity for a change.

Anomalous

Referring to the fact that the name of
the Hon. Mr. Sachchidananda Sinha appears
on the title page of "The Hindustan Re-
view" as its editor, "New India" asks: "Is
it not anomalous that a member of the
Executive Government of a Province should
continue as editor of a political journal?"
We quite agree. But this fact does not
seem to us to be half as anomalous as the
acceptance by the Hon. Sir Surendranath
Banerjee, Minister, Bengal, of the presi-
dency of the Indian Association, Cal-
cutta. The Association is a political body
of long standing and may have, indeed, oc-
casion in the future to send representa-
tives to Sir Surendranath himself in his
capacity as Minister of Health and Sanita-
tion. If such a re-nomination is sent,
would not Sir Surendranath, as Minister,
be sitting in judgment over himself as the
president of the Indian Association? In
this connection, it appears to us to be also
somewhat anomalous that Sir N. G. Chan-
davarikar, President of the Bombay Legis-
lative Council, should have been chosen as
president of the Primary Education Com-
mittee which has just been appointed by
the Local Government. The anomaly be-
comes all the more strange since Sir N. G.
Chandavarikar had not long ago declined to
preside over the Kanara Forest Committee,
on the plea that as President of the Coun-
cil his hands should be left unfettered. On
account of his refusal the latter Committee
has been deprived of his intimate knowledge
of conditions in Kanara.

On reaching the Committee Stage in the House of Commons, an important new clause was inserted in Safeguarding of Industries Bill on the motion by the Government providing that no order for imposition of duty in respect of dumping could be made unless the Board of Trade was satisfied that the industry, which it was desired to protect, was being carried on with reasonable efficiency and economy.

Mr. Terrell declared that this working amendment was suggested by the Free Trade supporters of the Government.

IRISH PEACE
CONFERENCE.

NO RESULT.

MR. DE VALERA'S MANIFESTO.

(REUTERS' TELEGRAM.)

London, July 21, 5:25 p.m.
Reed. 9:30 a.m. July 22.

The conversations between Mr. Lloyd George and Mr. De Valera have produced no result.

Mr. De Valera has issued a statement declaring that Ireland demands the right to choose freely how she shall be governed, namely, independence. She only requests freedom from British aggression and interference.

Mr. Desmond Fitzgerald in an official statement amplifies this as meaning that the claim of Irish Nation is for Mr. Wilson's fourteen points with the right of the small nations to self-determination. Mr. Fitzgerald says that the Ulster Cabinet represents a very small minority of Irish people, "who we claim, have been systematically, wilfully and fundamentally misled by the foreign power, England."

Commenting on this statement the "Morning Post" points out that the Southern Irish are refusing the Northern Irish the right which the former are claiming from England, namely, self-determination.

EMPIRE AIR

COMMUNICATIONS.

STATEMENT BY SPECIAL COMMITTEE
ISSUED.

(REUTERS' SPECIAL SERVICE.)

LONDON, July 20.
Reed. 1 p.m., July 22.

A communique issued by the Air Ministry states that the first meeting was held yesterday of the special Committee on Air Communications, which has been established by the Imperial Conference. The Committee considered arrangements which were necessary for the postponement of the date of closing down the Airship service in order to permit of a final decision by various Governments on the scheme submitted to them for the acquisition of Airships. The estimates which were presented involved considerable expenditure. The committee decided upon a new limited cargo capacity for the Airships and that the estimates for the future services should be for limited and possibly irregular transport service of passengers and mails only to the Eastern Boundaries of the Empire, utilising the existing fleet as much as possible. Prior to the discussion on the Estimates the Committee considered the utilisation of heavier-than-air craft over certain sections of the Imperial Air Routes with particular reference to the Cairo-Raschid route.

To Johannesburg, seven days.

To Perth (Western Australia), seven and a half days.

GOVT. DEFEAT IN FINANCE
BILL DEBATE.

HOW IT WAS BROUGHT ABOUT.

(REUTERS' TELEGRAM.)

LONDON, July 20.
Reed. 9:30 a.m., July 22.

The Government's Defeat during the discussion of the Finance Bill was quite unexpected and occurred at dinner hour in the absence of many Government supporters who had been attending a garden party at 10 Downing Street. The Opposition, and several Unionists voted against the Government.

Replying to Sir Donald Maclean on the motion for adjournment Mr. Chamberlain said that in view of the public circumstances and many very grave issues which were being discussed at the present time and also of its small financial importance an alteration would be made. The Government would accept the decision of the House but he added that the defeat was not a process which could be repeated very often.

It is understood the Hon. Mr. Hammond becomes Chief Secretary, Bihar and Orissa Government with effect from October first. (A. P.)

At a meeting of Madras students it has been decided to form a Presidency Students' Union with the object of cultivating esprit de corps among students.

"TO SERVE MY GOD AND
COUNTRY"

POLICE SUB-INSPECTOR RESIGNS.

AS PROTEST AGAINST SHER-
WAN'S CONVICTION.

(FROM OUR CORRESPONDENT.)

ALIGARH, July 21.

In connection with the conviction of a police sub-inspector who resigned his post as protest against the conviction of Sherwan, a police sub-inspector, C. I. D., who was known as a most loyal and staunch police officer, and on whose reports most local prosecutions were based, sent a letter to Mr. Nawaja on the day following the trial in which he said "Maulana Sherwan's arrest and charge brought against him and his conviction on the evidence produced against him have convinced even a sinner like myself that no justice can be expected from the British court and the whole bureaucracy is working against the Islam and India. My conscience now compels me to give up Government service for serving my country and religion and I am enclosing for perusal a copy of resignation sent to the Superintendent of Police, as the Department can compel me to say on for two months. I might suffer hardships during the period but I feel much faith in God to take about it."

The resignation runs as follows: I beg to bring to your notice that the trial of Maulana Tasadduq Ahmed Sherwan and his conviction has now clearly convinced me that no justice can be expected from the present courts, and that the administration is quite against the holy principles of Islam and my conscience does not allow me to serve the British Government any more. Therefore, I hope you would very kindly accept my resignation from the post of Police Sub-Inspector and allow me to serve my God and country as soon as you can. Allahu Akbar."

MR. SHERWAN CONGRATULATED.

The local Congress Committee met yesterday and passed resolution putting on record the valuable public services of Mr. Sherwan and expression of universal belief in his innocence and congratulating him heartily upon his brave and cheerful acceptance of the sentence of rigorous imprisonment for one year for the sake of his country and religion, and thus putting before the nation an example of great and noble sacrifice.

Mr. Khwaja, has received a number of telegrams from numerous Ahl-e-faith and Congress committees, as well as from the personal friends and prominent leaders, including Mahatma Gandhi, Maulana Abdulbari and Mohamed Ali and others, friends and leaders from the adjoining districts. Maulana Shaikat Ali, Dr. Anwar, Maulana Abdul Majid of Budhan, Sheh Abdul Hasan and Mr. Mohamed Hussain and many others came personally to join in congratulating Mr. Sherwan and sympathising with the members of his family.

MR. GANDHI'S MESSAGE.

Mahatma Gandhi on receipt of the news of arrest, wired "Congratulations Sherwan and Aligarh on arrest. Hope people will remain calm and strong."

Mr. Liddiard has made his unpopularity more popular by the part played by him in this prosecution of an admittedly most popular leader.

USE OF WHITE LEAD IN
PAINTING.PROHIBITORY PROPOSAL & ITS
EFFECTS.

(REUTERS' TELEGRAM.)

LONDON, July 20.
Reed. 11 a.m. July 22.

Mr. Bowyer contended in the House of Commons that the proposal to prohibit the use of white lead in painting which would be submitted to the International Labour Conference at Geneva in October, would cause the closing down of the lead mines at Broken Hill and also in Burma and Rhodesia. Mr. Bowyer suggested that the British representatives at the Conference should be instructed to ensure that careful consideration was given to the possibility of dealing effectively with the dangers of paint poisoning by precautionary regulations rather than by prohibition.

Mr. Churchill in reply pointed out that Australia and India as members of the International Labour Organisation were entitled to direct representation at the Conference. He understood that the instructions to be given to the British Representatives would be settled later.

The fire reaches as far as a neighbouring plant of the Standard Oil Company.

THE "GANDHI" CAP
AGAIN!

ANOTHER CASE OF DISMISSAL.

EUROPEAN MANAGER VIC-
TIMISED CLERK.

The following has been communicated to us by Mr. P. K. Wartak, a clerk in the B. I. S. N. Company's Masagon Dock Stores Department, who was dismissed on the 21st July by the Company's General Manager for going to office wearing a Gandhi cap.

Mr. Wartak briefly narrates the story thus:—

On Monday, the 18th instant, I went to the office with a "Gandhi cap." On this day none of my superiors gave heed to this, but on the next day I was instructed by the Storekeeper through my Head Clerk to get my cap changed and that otherwise I would be dismissed. I did not mind this. The next day, i.e., on Wednesday the 20th instant, I was again orally instructed by the Storekeeper (through Head Clerk) in the same words as on the previous day. The Head Clerk told me that it would be advisable if I changed my cap. On this day the Storekeeper reported my persistence to the Company's General Manager, Mr. Murdoch. As a result the General Manager called at the Storekeeper's office on Thursday, i.e., to-day the 21st, at 3 p.m. and seeing me in white "Gandhi cap," he asked me whether I would remove the cap or not? I answered him boldly that I would not remove the cap. After this he spoke something to the effect that such political men were not required in the office and at once instructed the Storekeeper to make payment of the salary of current month and the salary of August in lieu of notice.

The notice received by me from the Storekeeper, reads as under:—

"Mr. Parthottam Krishna Wartak, Clerk, Store Dept., Masagon Dock, Dear Sir,—Under instructions you are hereby informed that your services are no longer required by the Company from to-day. Please call on Masagon Dock Accountant for your salary for July and August. Salary for August is in lieu of notice."

Yours faithfully,
(Sd.) A. W. R. HAIRE,
Storekeeper."

STATUE OF KING EDWARD.

UNVEILED BY THE KING IN PALL
MALL.

(REUTERS' SPECIAL SERVICE.)

LONDON, July 20.
Reed. 1 p.m., July 22.

The King this morning unveiled the Statue of King Edward in Pall Mall. There was a distinguished gathering present including the Dominions' Premiers and other Overseas Representatives and every available member of the Royal Family including the Prince of Wales. The cost of the erection of the Statue has been borne by the pre-war subscriptions to the King Edward Memorial Fund.

The King in the course of a speech paid a tribute to his father's love of Peace and said that the War seemed a mark of negation of his efforts but might prove the forerunner of the good will of Nations which King Edward had laboured to create. The King mentioned that the largest part of the sum subscribed would be devoted to the recreation of the population of East End, an object which would have appealed most to King Edward.

Fatalities are feared as the fire is spreading rapidly, causing other wells to explode.

BOYCOTT MOVEMENT.

MAHATMA'S LECTURE ON
"SWADESHI."ENTHUSIASTIC RESPONSE
EVOKE.

Under the auspices of the "C" Ward Congress Committee, Mahatma Gandhi delivered a lecture on "Swadeshi," at the Manarji Goudas Hall at 8 p.m. Long before the actual hour of the meeting, the hall was packed to its utmost capacity. There was also a very large attendance of ladies of all communities.

At the outset Mr. Jaganani in a short speech appealed to those present to create no disturbance at all during the course of the Mahatma's lecture; and to remain seated until the Mahatma had left the hall. This advice was followed by most of the audience with the exception of a few persons including two volunteers.

Mahatma Gandhi in his lecture once again exhorted those present to wear the Khadi dress and boycott all foreign-made clothes before the 1st of August. He asked them to send their foreign-made clothes to a depot specially opened for the purpose. The Mahatma spoke on "Swadeshi" for about half an hour and was listened to with great attention.

MAHATMA GANDHI

Mahatma Gandhi who on rising to speak received an ovation said that he had been addressing men and women everywhere in the city and he thought he would not be in a position to speak to them anything new on Swadeshi. A gentleman had come to him from Lucknow who told him that something was going wrong in the United Provinces. A man had been incarcerated by Government for three days in a very dark cell for some trivial offence and was still in the goal. The gentleman from Lucknow asked the speaker as to what a man in that position should do. He advised him to bear all hardships with patience. They should all create in their hearts the virtue of patience. He was not sure whether that story told by the gentleman was true or not, for it was very difficult to remain incarcerated for three days in a dark room. Of course he had an experience of such an incident, because they had not yet forgotten as yet the cruelties perpetrated on Indians by foreigners in the Punjab. Therefore the story related to him might be true.

SUFFERING—THE WAY TO SWARAJ.

He would again tell them that if they did not understand their duty towards the country they were not, then, right in asking for freedom. He was going to speak to them on "Swadeshi" to-night. There were other stories related to him by some one that there were three persons arrested by Government. One of them is a Congress Secretary who on being arrested by Government apologised to the Government and the remaining two also apologised. They (the three men) had now given up the national cause and are remaining aloof from the movement. They should feel ashamed of such actions. He would appeal to those present to be fearless as far as possible, for when their object was laudable, why should they care for the Government. If they were not willing to undergo hardships and troubles they should give up the movement, at this stage. He, therefore, appealed to every man and woman present in the hall to be ready for Dukha (pains) at any time for the sake of his country.

DEPOT FOR FOREIGN CLOTHES.

They had opened a depot for foreign-made clothes, where they could send their clothes without any hesitation. If they did not succeed in boycotting foreign cloth by 31st July they would be put to great shame in the eyes of their fellowmen and in the eyes of the world-at-large.

The Mahatma asked whether they had made any preparations for the 1st of August. There was no shame at all in sending away their clothes to that depot for foreign-made clothes. Some ladies (sisters) when asked to boycott their foreign-made saris, said that they were unwilling to do so. No doubt there were other women who were ever ready to wear the Khadi dress. Whatever 'pardeshi' (foreign) clothes a woman had at present, she should give them up in obedience to the call of the nation. If men and women present at the meeting were not willing to boycott their foreign-made clothes, they had no right, no claim whatever to Swarajya.

MACHINE-MADE CLOTHES—NOT SWA-
DESHI.

Whatever he had got to say to-night he had already said many times and he would now ask those who were willing to do what he desired to raise up their hands. But before they raised their hands he must tell them that the so-called Swadeshi cloth manufactured in mills should not at all be resorted to for his advice to them was to avoid all machine-made clothes. The supreme virtue of the Khadi was that it was hand-spun and handwoven.

The Barwada Khadi saree, the speaker said, were now not available in large stock but in their absence, they could very easily wear Khadi sarees and on the 1st of August they would see many women wearing Khadi sarees. He would again tell them that there was no shame at all in adopting that dress, for it was their national dress. They should not keep Nirucha (poornimam) in their mind, but they should be courageous in fighting the battle of Indian nationalism.

A BRAVE SHOW OF HANDS.

He, then, asked those men and women willing to give themselves on the 1st of August and thereafter in the Khadi, to raise up their hands. At that request nearly all present in the hall raised up their hands. Some women were found somewhat unwilling to raise up their hands.

The Mahatma again appealed to them to boycott foreign-made clothes and wear the Khadi dress without any fear or favour. Still, he would ask them not to be led away.

FURTHER DISQUIETING NEWS.

INDISCRIMINATE ARRESTS AND
HARASSMENT.K. H. POLITICAL CONFERENCE'S SPECIAL
SESSION.

(FROM OUR CORRESPONDENT.)

WADEHWAN, July 22.

Further intimations from Dhrangadra and Halvad are very shocking. Railway passengers bring stories of police high-handedness. Commotion there continues unabated. The railway gates of City Halvad, and Dhrangadra are closely guarded. Passengers are allowed travelling only if the authorities are satisfied that they are not going out to spread Dhrangadra news. Still some people from Dhrangadra and Halvad arrived yesterday evening. They had to adopt crooked ways and means to reach the railway station. At Halvad the Valivadar ordered the closing of shops after 9 p.m. In the evening, even girls who were out for singing in the performance of religious ceremonies were asked to close up and retire. Mr. Ratilal, the school-master of the English School, was abused, and severely beaten by the Valivadar. Mr. Ratilal tolerated all this, saying he was a Satyagrahi.

ARREST OF SCHOOL-BOYS.

The boys of the English-Gujrati School are on strike. They held their meeting in a temple and resolved to hold on till the Valivadar apologised. The police arrived in the temple, arrested forty boys, detained them in custody, but released them subsequently.

On the guarantee of the headmaster at Dhrangadra, the school-master, Mr. Nasralal, who was in jail for refusing to give bail, has been released. It is reported he was severely beaten in jail.

POLITICAL CONFERENCE MEETING.

Yesterday evening, the Committee of the Political Conference met here. Some twenty-five members arrived from different places, as also the volunteers from adjoining places. The Committee took up the Dhrangadra question. A written statement of volunteer, Bhai Fulkhand, was submitted. The Committee examined the people who had come from Dhrangadra and Halvad. Eventually it was decided to hold a special session to-day at Dhrangadra. All members, including Messrs. Shukla and Mansukhlal, and volunteers are also going there to-day. Two members proceeded there early morning with Mr. Shukla's letter on Dewan intimating him of the Committee's arrival and purpose. The Committee's decision is hailed by the people. Great excitement prevails.

DEPORTATIONS AND INTERN-
MENTS.STATISTICS FOR BOMBAY PRESIDENCY
DEMANDED.

The following question is to be put by Mr. Ibrahim S. Haji, Bar-at-Law, in the coming session of the Legislative Council:—

Will the Government be pleased to state the number and names of persons both Indians and Europeans deported from, and interned in, this Presidency without trial since the outbreak of the great war? If any, will the Government be pleased to state for what offences and under what regulations and when they were deported and interned?

by any threats or by his speeches, but if they thought in their heart of hearts that by giving an impetus to the Swadeshi movement they would be in a position to redeem the country from the bondage of slavery, then alone they should resort to it and not otherwise. He was, however, glad to find that so many present in the meeting had raised up their hand conscientiously and, therefore, he had every hope that by the 1st of August he would see them attired in Shudh Swadeshi dress.

Concluding, the Mahatma said he had nothing more new to speak on the Swadeshi movement, for he had been speaking constantly on the same theme for the last so many days. He had great faith in his countrymen and, therefore, prayed to God that the great movement he had set on foot would bear good results in the end. (Prolonged cheers.)

QUESTIONS ANSWERED.

Before the meeting was brought to a close, Mahatma Gandhi asked those present to put to him questions with regard to the Swadeshi movement to remove their doubts if they had any in their minds.

Thereupon, one Hindu gentleman enquired of the Mahatma where the best quality hand-spun Dhosi was available in the city. The Mahatma replied that Bhai Vithaldas Jaganani is dealing in hand-spun dhosis and, therefore, they could be available from him.

Two Hindu women then garlanded Mahatma Gandhi. The meeting then terminated.

A MIRABLE PRECEDENT OF THANA BOARD.

COLLECTOR'S ORDER OF ABEYANCE.

PRESIDENT'S COGENT REPLY.

The following letter was addressed to the Commissioner, N. D., Ahmedabad, by Mr. S. G. Phadke, President of the Thana District Local Board, in connection with the order of the Collector of Thana suspending the execution of the resolutions of the Thana District Local Board, re. Picketing:—

COLLECTOR'S ORDER.

Read resolution No. 1 passed by the District Local Board, Thana, at a special meeting held on the 6th July, 1921, a copy of which has been received by the President, District Local Board, Thana's No. M. R. L. E. D.

The Collector hereby orders, under Section 64 of the Bombay Local Boards Act, 1884, that the execution of the District Local Board's resolution be held in abeyance.

Thana, 9th July, 1921.

(Sd.) C. S. CAMPBELL,
Collector of Thana.

PRESIDENT'S REPLY.

From S. G. Phadke, Esqr., President, District Local Board Thana;

To the Commissioner, N. D., Ahmedabad.
Sir,—With reference to the Collector of Thana's order No. 111 dated 9th July, 1921, suspending the execution of the resolutions of the District Local Board, re. Picketing, I have the honour to submit the following for your consideration:—

Perhaps you are aware that of all the districts in the Presidency, Thana District is the worst offender in respect of the drink traffic. There is no doubt that if the Board had the power to prohibit the use of drink within its limits, it would do unhesitatingly without any reservation. The spontaneous movement throughout the country to prohibit it altogether, has not left this district untouched. There have been in various towns and villages of this district an extraordinary awakening on the part of the people in this respect, with the result that Congress Committees in the district and (where the Con-

gress Committee have failed in what the people regard as their duty), the people themselves have organised and are organising picketing of liquor shops. Experience of picketing in other districts goes to show that the police and the license-holders on the one hand and the pickets on the other come in conflict and sometimes breach of peace takes place. I have no reason to think that the movement of picketing is conducted by the people on violent lines. On the contrary I am inclined to think that peaceful and dignified method are resorted to by them. I am not holding any brief for the pickets, but I do feel that there is a tendency on the part of petty police officials aided and abetted by the license-holders whose interests are at stake to put down this movement by hook or by crook and the result is confusion and conflict. It should therefore be the desire of all well-wishers of the country, be they officials or non-officials to see that the picketing movement is properly regulated and the chances of friction are minimised.

2. If once the police realised that the pickets are not irresponsible people and are actuated by the best of motives to do good to the society perhaps it is possible to minimise the chances of friction. This can be made possible if the Local Bodies themselves, if so inclined, organise and conduct the work of picketing. If they employ their own staff for the purpose, members of that staff become in law public servants and any access or misbehaviour on the part of such pickets can then be reported to the Local Bodies concerned. The license-holders as well as the police will at once realise that they are dealing with pickets who are responsible to a public body and therefore public servants.

OBJECT OF THE RESOLUTION.

3. You will thus see, Sir, that the object of the Board in passing the resolution is to regulate the movement as to prevent any chance of a breach of peace which otherwise might take place. We must recognise that the movement has come to stay and while welcoming it, it is our duty to see that it progresses on healthy lines for public good. Under Section 64, Local Board Act, the Collector has suspended the resolution of the Board and he must have reported the matter under para. 2 of the section to you for final order. This representation has been made to you, a copy having been sent to the Collector in order to enable you to arrive at a right decision. Before I conclude I should like to invite your attention to one point which, though the Collector has not raised, might be of some help to you in the determination of the question. The Collector has not taken objection to the resolution on the ground that it is ultra vires of this Board. But as one official member of the Board had during the resolution suggested that under the Act the Board had no power to pass such resolution, I feel I should refer to it. In this connection I would like to invite your attention to clause K of Section 30 of the Act which gives powers to a local Board to provide at its discretion out of the local funds for any measures likely to promote the health of the public. The proposer of the resolution had put forward this view during the debate and the Board had accepted it, subject to a dissentient vote of the official

member referred to. I need hardly assure you that the Board in passing resolution had the main object of avoiding the chances of breach of peace which are less likely under pickets, who being public servants are expected to have a greater sense of responsibility for peace and order than otherwise.

I have etc.,

BIHAR AND ORISSA COUNCIL.

IMPROVEMENTS IN AGRICULTURE.

(ASSOCIATED PRESS.)

PATNA, July 21.

At the Bihar and Orissa Legislative Council today Jagan Mohan Narayan, a member, moved that a committee of five members be appointed to consider the advisability of creating the Agricultural College at Sabour and consider the whole system of Agricultural Department. He said that Agricultural Department and the college had not produced any good result and cultivators of province had not in any way been benefited. The college was started in 1910 and till now only 13 students had passed out of the college. It was argued that there was one Imperial Research Institution at Pusa within this province, which might give all the instructions necessary, and results achieved in this institute might be utilised by the people of this province.

The Hon. Fakrudin said he went to Sabour College in company with some members of Council and spent two days there on enquiry. He was dissatisfied with the results achieved by the college. He thought of either abolishing the college or making such improvements as would make the college useful, and with that end in view he called an agricultural conference in which it was decided to abolish the two years' English course and introduce in its place four months vernacular course for the benefit of agricultural class. He had also with the approval of His Excellency, the Governor, decided to appoint an advisory committee whose recommendations would be as much binding as those of the Committee appointed by this resolution would be. He said he was for retrenchment and economy and would be very glad to appoint Indians if Indians with proper qualifications were available. He urged the mover to withdraw the resolution on the assurance that the matter would be considered by the advisory board.

The resolution was not withdrawn. Babu Ganesh Dutt Singh urged not to appoint too many committees as their recommendation might clash and the Government would not know which to follow.

The Hon. Mr. Das said he experimented with a man from Government Farm on his own land but found that his Mali knew better. He could not understand what Government wanted to teach the cultivators. Mr. Morrison representative of the Anglo-Indian community, supported the resolution and said he was interested in the

improvement of agriculture, as his community, in future, should look to the produce of hand for support. His community was against people coming from home appointed to high positions in the department which has failed to do good work for want of propaganda. It would do better work and gain popularity if Indians and Anglo-Indians were appointed to high posts in it.

The resolution was carried. Rai Bahadur Narendra Narayan Ray Monasay's motion that Chowkidars tax in Orissa be abolished immediately was lost.

The Chamber makes a request to Government to call for a full and authorised report of Sir William Meyer's evidence before the Committee, and to ascertain, in the meantime, if the statements contained in the extract are correct, and, in the event of its being well-founded, to call for a full explanation from Sir William Meyer as to the extent to which Indian financial interests were being sacrificed to subsidize British industries.

This Yakuti or life giving nectar has been prepared from the best, choicest and richest vegetable drugs. It has wonderful properties of increasing virile power and it rectifies urinary disorders. In fact it makes man a man. This valuable medicine is used in large quantities not only by our Rajas, Maharajas, Nawabs and many of the nobility, aristocracy and gentry in this country; but it is greatly patronized by people in all countries of Europe, America, Asia and Africa. It is needless to expatiate upon the magical qualities of this our invaluable medicine. We recommend it especially to those persons who desire to tone the nervous system to strengthen the body, refresh the memory and to guard against debility. Suffice it to say that the use of this medicine is recommended to those who have any faith in the Ayurvedic medicines. It works like a charm and the effect is lasting. It replaces lost power and it rejuvenates the emaciated and it is enough to say that musk is not that which a perfume acquires. It is that which diffuses fragrance of its own accord. GONDAL RAILWAY STRIKE.

DISLOCATION OF TRADE.

(From a Correspondent.)

RAJKOT, July 19.

The 17th day of the strike situation is unchanged. The Gondal Durbar does not reply to the strikers' wire respecting Mahatma Gandhi's arbitration. This has accentuated discontent. The Morvi Durbar supplying more men every day, with the avowed object of prolonging and thereby breaking the strike. Mr. Patwari, Diwan, Gondal, went specially to Morvi to secure more men and returned yesterday with some 15 untrained young men. At Rajkot junction station Patwari assumed a very threatening attitude towards the strikers and their Association officers, and asked them to give up their officers and directly approach the Durbar, otherwise they would lose their services and would be fined. He alleged that the strikers were being helped out of the Tilk Swaraj Fund which statement was emphatically repudiated at once by the Secretary of the Association.

SYMPATHY WITH STRIKERS.

The Kathiawad Hitavardhak Sabha held an emergency meeting on the evening of 17th deprecating the action of the manager in issuing notices of dismissal and of forfeiture of bonus and pay, without offering any terms to the strikers, and it sympathised with the strikers because their grievances were purely economic and further suggest to the Gondal Durbar, the appointment of a conciliation board or arbitrators as the pay of the Gondal Railway staff was lower than that of the Bhavnagar Railway staff. The Kathiawad trade is greatly affected by this dislocation and the prices are rapidly rising, causing economic tension. In spite of representations from the various trade centres to the Gondal Durbar, which still remains indifferent.

HITWARDHAK SABHA'S SUGGESTION

The following resolution was passed at the Executive Committee meeting of the Kathiawad Hitwardhak Sabha on the 17th instant:—

The Kathiawad Hitwardhak Sabha regrets that the strike on the Gondal State Railway still continues to the great inconvenience of the travelling public and detriment to the trade of the Province. The Sabha disapproves the action of the Manager in serving notice of dismissal to the strikers if they did not join service on the 10th July, without first giving them a promise that their legitimate grievances would be impartially considered and duly redressed. The Sabha is also pained to learn that, in a further notice, the strikers are told that their bonus and one month's pay have been forfeited for leaving service without one month's notice.

The Sabha sympathises with the strikers because some of their grievances are purely economic and appear to be just. The Sabha is informed that the pay of the Gondal State Railway staff is comparatively lower than that of the staff of the Bhavnagar State Railway, which has a smaller mileage and has to cope with no greater traffic than the Gondal Railway. The Sabha is not in a position to say whether the pay on Bhavnagar Railway is adequate or not, nor does it point to it as a standard.

The Sabha urges that the strikers' grievances should be considered independently on public grounds and that to this intent His Highness the Thakore Sahab of Gondal would consent to the appointment of an impartial Conciliation Board or arbitrators, with power to fix the rates of pay of the Gondal State Railway staff, after considering the present high prices, and to redress their legitimate grievances with a due regard to the just interests of the employees. If His Highness does so, the Sabha will use its best endeavours to persuade the strikers to resume work at once.

THE CURE OF "DIABETES."**

The following are taken out of the numerous certificates received:—
Mr. Kanyalal Badridas, Cotton Merchant, Bombay, writes:—"I was suffering from Diabetes" for the last 12 years. Commenced Dr. Iyengar's treatment. My urine was examined by the Bombay Municipal Analyst, S. P. G. for 1937 and Sugar 5-42 per cent. After treatment and on my urine being examined by the same Municipal Analyst and by Dr. N. H. Chubwalla, M.D., B.Hy. (Bomb.) at Dr. Masana Hospital and Pathological Laboratory "Sugar was found NIL" and S. P. G. 1013.

Mr. Bhailal V. Kothari, B.A., LL.B., late Vakil, High Court, Bombay. Now Nayab Dewan of Devgod Baria writes:—"I was suffering from Diabetes for over 4 years and had tried many well-known Doctors of Bombay, but without any effect. I then put myself under the treatment of Dr. S. R. Iyengar and he prescribed a course of 7 complete weeks for me. As each week progressed, the disease that could not at all be controlled before, began to abate with the result that I was completely cured at the end of the course in such a marvelous way that I can very well say that Dr. Iyengar is not a Diabetes Specialist in name, but a Specialist INDEED IN REALITY. My S. P. G. was 1033 in the beginning of the course came down to 1015 at the end and grains of Sugar per ounce of Urine fell down from 24 to "NIL", while deductions were not at all visible."

Miss Banoo F. Poacha, of Raipur, and Mr. N. H. Gauder, Bombay, writes on 11-11-19, "We are pleased to inform that Dr. S. R. Iyengar, 'Specialist in Diabetes', cured Mrs. Framji Dadabhai Poacha, of Raipur, who was suffering from Diabetes for the last five years. When she commenced Dr. Iyengar's treatment on 27-9-19, the percentage of Sugar in the Urine was more than 5 per cent. when examined by Dr. Billimoria, M.D. After the treatment the Urine was examined on 11-11-19 by the Chemical Analyst, Bombay Municipal Laboratory, and was found to be: "Sugar—NIL." "We wish him all success."

CHARKHA IN ASSAM.

PROGRESS OF N. C. O.

A correspondent from Tezpur (Assam) writes that the non-cooperation movement is every day having a stronger foothold there. The people had already subscribed their quota to the Tilak Swarajya Fund and the Congress Committee is enlisting members for the Congress as far as possible. About Charkha he writes that it is not a new thing there and every household possesses at least one if not more. The handloom with a Charkha forms a part of the marriage gift to the bride from her paternal house. In addition to the spinning of cotton, that of *Indi*, *Muga* and *Lai* constitutes the bulk of cottage spinning industry throughout the Assamese speaking part of the province. As regards temperance the Congress workers are achieving great success in their attempt to refrain people from indulging in intoxicating liquors and drugs. Opium which since the establishment of British rule there is eating into the vitals of the people, especially of the rural classes, is becoming rarer and rarer as the dining into their ears about Mahatma Gandhi's appeal to the country is becoming a routine work of the Congress workers. The Excise authorities in the District are leaving no stone unturned in their attempts to dissuade ignorant people from giving up their drug habit. But the people seem to be wiser in their sense of patriotism today than what they were a few years back to take any heed to the enticement of the agents of the mercenary bureaucracy. He further writes that the Deputy Commissioner of that place is so much intent upon combating the Non-Cooperation movement that he has been exercising his executive powers quite indiscriminately. The D. C. is said to have confiscated two guns possessed by a Nepali resident of this district, whose forefathers had settled down there generations back under the power vested upon the D. C. by the Act III of 1864, because the Nepali had subscribed to the Tilak Swarajya Fund.

MAULANA ABUL KALAM'S HEALTH.

The Secretary of the Bengal Provincial Khilafat Committee wires under date July 20, in reply to numerous letters and telegrams received from various places, enquiring about the health of Maulana Abul Kalam Azad, I have been instructed to state that the Maulana is much better now and that he has left for Bombay to attend the meeting of the All-India Congress Committee.

CALCUTTA, July 21.

A PAMPHLET, FORFEITED.

The following pamphlet in Persian, or of its translation, wherever found, has been forfeited:

"Khutba-e-Mubarak" printed at the Mus tafa Press, Bombay, and published by the Central Khilafat Committee of India, Sultan Mansion, Bombay, purporting to contain the Presidential address delivered by Siyau-ul-Islam Maulana Mirza Mahomed Rahim at the All-India Shia Conference held at Lucknow on the 30th April 1921, on the following grounds, namely, that it appears to the Governor in Council that the aforesaid pamphlet contains matters of the nature described in clause (c) of sub-section (1) of section 4 of the aforesaid Act, which is likely or has a tendency, directly or indirectly, to bring into hatred or contempt the Government established by law in British India and to excite disaffection towards the said Government.

Pandit Shersinghi, late editor of the Sahyatra, Muzaffarnagar, delivered an interesting speech at Nasirabad where he strongly appealed the audience to boycott foreign cloth, and added that twenty-five cloth merchants had given written promise not to order for foreign cloth at present and to follow the mandate of the country in future.

A mass meeting of the Cawnpore citizens held under presidency of Maulana Azad-Subhani on the 19th July resolved that complete boycott of foreign cloths should be instituted from the 1st August. The meeting also condemned the arrests of Maulana Nisar Ahmad, Cawnpore, Mr. Sherwani, of Aligarh, and Mr. Arif Haswi.

An Amraoti correspondent wires under date July 20th:—"All the seventeen picketing volunteers who were charged under section 454 I. P. C., for alleged breaking of a liquor shop here are acquitted."

REMEMBER 1st OF AUGUST

IF YOU WOULD HONOUR THE MEMORY OF

LOKMANYA

Discard all Foreign Clothing and Wear KHADI.

Boycott of foreign cloth is an indispensable condition for attainment of Swaraj and redress of Khilafat and Punjab wrongs.

Citizens,—men and women, Hindus, Mussalmans, Parsis, Christians, Jews—should attend the Memorial Meeting on the 1st of August next in their thousands. But those who will not wear Swadeshi garments are requested not to attend.

The wearing of foreign cloth would be an insult to the deceased's memory.

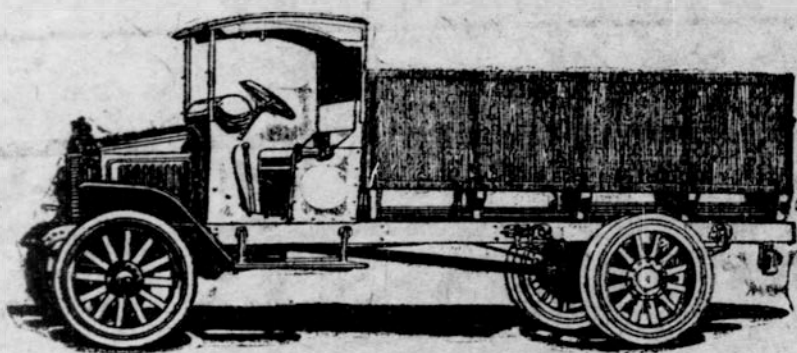

The public are requested to deliver to volunteers who would call on them, or send to the Discarded Foreign Cloth Depot Asoka Building, Princess Street, all their foreign clothing for destruction or despatch to Smyrna or elsewhere abroad according to their wish.
